

Lange Graphics makes the impossible... possible.

Lange Graphics Understands Printing.

We understand that you expect excellent **quality**, fair prices, and on-time service — and we deliver it.

Our mission is to go above and beyond the basics by becoming an **extension of your business** — one that you can trust time and again for all of your printing and fulfillment needs.

When you **partner with Lange**, you can relax knowing that we're not just a vendor... we're part of your team.

Mention this postcard when you contact us and receive a 15% discount off your first printing order.

See How Our Value Proposition Differs From Most Printers...

- We understand that your **deadlines are critical** — and not just another flexible date on the production board.
- We recognize the importance of a **specialist** that handles all of your production needs — from conventional and digital printing to variable data, envelopes, and fulfillment.
- We provide you with a personal account representative who manages every facet of your project, allowing you to **rest easy** during the day (and night).

At Lange Graphics, we understand that it's not just business. It's personal.

Let us show you why we've been Denver's favorite printer since 1977. Call us today at 303.777.1737, email sales@langegraphics.com, or visit us online at www.langegraphics.com/offer.
