

...Image is everything!

Premier Lot Services, Inc. can help you improve or maintain the successful business image you have worked so hard to create.

Look inside to find out how...

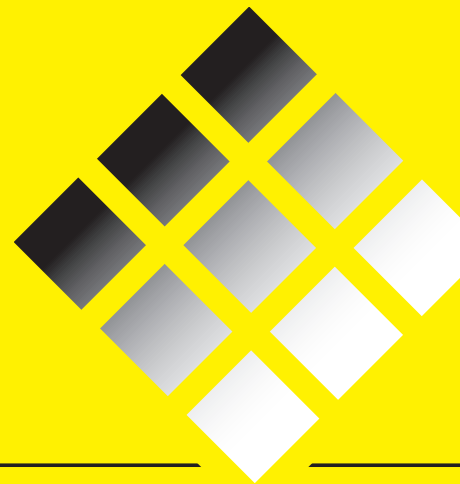

P.O. Box 5712
Denver, CO 80217

You only get one chance to make a first impression...

...and that impression is made before your customers enter your front door.

We believe the saying remains true...

The image your company portrays begins with the exterior of your building.

Your sidewalks, patios, windows, and parking lot reflect the pride you have in your company and the importance you place on customer satisfaction. If left untended, what message are you sending your clients and prospects?

Premier Lot Services, Inc. understands that **first impressions are critical**. We also know that as a business owner or manager, your job of creating a positive image is ongoing.

Our professional cleaning services were designed to help you maintain the image that reflects your company's success. See how quality service, reasonable rates, and a reliable service schedule can improve that image.

PARKING LOT STRIPING

We will design, stripe, or re-stripe your parking lot (matching all existing lines and markings) using professional airless striping machines.

These machines give a crisp, clean line made of high quality, fast drying paint. Let Premier Lot Services, Inc. help give your lot the curb appeal it deserves!

- *Improve the overall appearance of your property*
- *Provide your customers with a well-designed and well-marked parking lot*
- *Meet federal regulations*

Your company's image is defined before your customer walks in your door. Make your first impression the best it can be.

Let Premier Lot Services, Inc. help you maintain the professional image that your company has worked so hard to obtain.

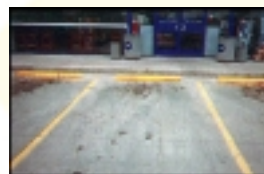

Call 303.901.5331 for a striping and pressure washing bid!

PRESSURE WASHING

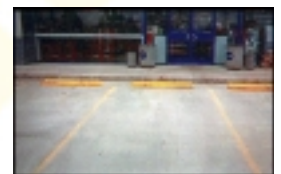

See how our **waterless concrete cleaner** is the best way to clean concrete! ReKRETE is the fastest and easiest method to remove oil stains *without using water or pressure washing equipment*.

This environmentally-friendly procedure is fast, effective, and non-hazardous to humans, plants, and animals. Better yet, there is no toxic run-off!

Make your concrete look new again and give your customers the clean, fresh look that they expect. Call us today for more information!

Before

After

*"Premier Lot Services, Inc. is the company to hire for customer satisfaction, dependability, and professionalism."
