801 S. Rancho Dr., Suite B-3  
Las Vegas, Nevada 89106

**Wybtrak, makers of Credentialing and Prior Auth/Referral software, is proud to be exhibiting at the RBMA Conference in fabulous Las Vegas from October 20-23.**

***Don't be a paper-wrestling rookie!*** Join Wybtrak's roping team and put an end to the chaos that results from manually managing prior authorizations and referrals.

Wybtrak's Medicom software allows you to easily manage the prior auth and referral processes from the convenience of your computer. All of the forms are electronic and backed by a database so with one click of a button, you can submit your prior authorization/referral requests. It's that simple!

Immediate access to the digital request and its audit trail will reduce denials, improve billings, and strengthen your bottom line.

Wybtrak designed its software with the end-user in mind, so you don't need a degree in information technology to run it. Better yet, it is practical, affordable, and can be installed and put to use in minutes. See for yourself. Visit **[www.wybtrak.com](http://www.wybtrak.com)** or stop by our booth at the RBMA conference.

**Stop by Booth #502 to see a free demo of Wybtrak's Prior Auth/Referral software and receive a cool t-shirt!**
